CAREER OBJECTIVE:

With a robust skill set spanning Java, Spring Boot, SQL, React.js, JavaScript, and Next.js, I am eager to embark on a rewarding journey in the dynamic world of IT. Armed with a strong foundation in software development and a keen eye for innovation, I am on the lookout for opportunities where I can leverage my expertise to drive tangible results and contribute to the success of forward-thinking companies.

EDUCATION

B. Tech in Information Technology	JPIET Meerut
AKTU, Lucknow UP	*Aug 2016 – Sept 2020*
Intermediate	MSDIC Deoria
UP Board	*Jul 2012 – Jun 2014*
High School	CIC Deoria
UP Board	*Jun 2012*

TECHNICAL SKILLS

Languages	:	Java, JavaScript HTML, CSS
Frameworks	:	SpringBoot, React, Bootstrap, tailwind
Databases	:	MySQL
Dev Tools	:	InteliJ, Visual Studio Code, Git, Postman

PROJECTS

User Management System   *React.js, Spring boot, JavaScript, sql, Git*   Source Code

- Developed a "User Management System" using React.js for the front end and Spring Boot (Java) for the back end. The system allows an admin to add, edit, and delete users. Integrated PostgreSQL for database management and wrote secure, efficient APIs using Spring Boot to handle CRUD operations.

Password Genrator   *React.js,JavaScript, Git*   Source Code

- Developed a web application using React.js to generate random strings with customizable options. Implemented features to include integers and special characters in the generated strings. Provided the ability to generate strings up to 30 characters in length. Integrated a copy functionality to enable users to easily copy the generated string with a single click. Ensured the security of generated strings by setting them as readOnly to prevent manual modification.

AirLine Ticket System   *Java, Netbeans, Swing, MySql*   Source Code

- This is a java based application for tour and travels mini business where admin can manage their customer data and tickets.
- It is build in java with the help of java Swing UI and sql as backend.
- This application can be protect by admin **LogIN authentication.**

PERSONAL DETAILS

- Good learner and hunger for learn technology.
- I am sure of my word.
- A good observer

TRAINING/ COURSE

- I did Full Stack Developer course at AccioJob. In this course I learned java DSA and Spring Boot.
